RESPONSE TO NOTICE TO FILE MISSING PARTS OF
NONPROVISIONAL APPLICATION

Sir:

This letter is in response to the "Notice to File Missing Parts" mailed on 08 June 2007, which indicates that:

(1) Additional claim fees of \$200 as a non-small entity, including any required multiple depending claim fee, are required. This omission of \$200 was an oversight on Applicant's part made without any intent of deception. Thus, Applicant authorizes an additional payment of \$200 for one additional independent claim.

(2) The Oath or Declaration of the Inventors for the subject patent application is not part of the file wrapper. Enclosed please find a Declaration for the subject patent application, which has been fully executed by the Inventors of the subject patent application in compliance with 37 C.F.R. 1.497(a), and (b).

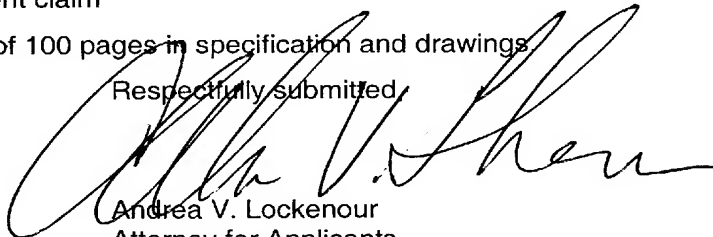

Therefore, please charge the total amount of **\$830.00** (and any additional requisite fees) to Deposit Account No. **19-2570**, which represents:

\$130.00 surcharge for late filing of the fully executed declaration

\$200.00 for additional independent claim

\$500.00 for 96 pages in excess of 100 pages in specification and drawings

Respectfully submitted,
